For Grants Administered by the Texas Education Agency

The following summary is provided for your convenience and as a "guide" only. TEA accepts no responsibility for the interpretation of the cost principles as outlined below. Grantees should consult the complete set of applicable cost principles to determine allowability and unallowability of costs prior to expending funds. All costs must be budgeted and approved in the Budget Summary in the applicable grant application prior to expenditure. Some costs require specific prior approval in the application, in which case the line item must be specifically budgeted and approved by TEA prior to expenditure.
